I tripped and fell down a rabbit hole last night. The picture of Gottfried in the German surplus jacket has been bugging me for a few days. So I started looking around online for everything I could find.

GOTTFRIED ROSER: AKA JEFF ALLEN: RAPEOUS GOT ON FRAUD?

"The world's meanest skinhead, skilled and deadly in the martial arts" - Gottfried Roser

Gottfried Roser is a self-proclaimed martial arts master who runs the Roser Martial Arts Center and the Talon Combat System. Late night ads in the Dallas area have been running for years, featuring Roser in a German military uniform, claiming to be a master of self-defense. Roser has also been featured in a number of martial arts publications, including Black Belt Magazine, Inside Kung Fu, and Karate Illustrated.

Roser's claims to fame include his work as a gun-slinging bounty hunter, his real name is Jeff Allen. During a discussion about someone on PCP being shot by the police, he is reported to have said "I've been shot by the police myself, and I'll tell you what, it's not like it's supposed to be in the movies. It's not like you're going to get thrown back and keep on fighting. It's like getting hit by a truck. It's like getting hit by a train. It's like getting hit by a meteor. It's like getting hit by a meteor and then getting run over by a train. It's like getting hit by a meteor and then getting run over by a train and then getting run over by a train again.
