5) That the house is valued at \$379,000 (after 9% cost of sale fee) on Zillow, which would value the condo at \$413,110.

Openlistings.com lists the median price per square foot at \$250. The condo is listed at 1,610 sq. ft, so their price would be about \$402,500.

Redfin lists the estimated sale price at \$408k-\$450k, with a current value of \$428,500.

Realtor.com doesn't really give a price for the condo itself, but lists the median sale price at \$420k.

Zillow does not even have a fucking listing for the address given.

6) That he doesn't run a business as a sole proprietor.

If you own or have more than one, list here:

Redfin lists it as a condo, as does Realtor.com:

Make a lazy assumption of roughly the same for the 1st half of the year, and his gross income for 2019 should be more like \$110,814.40. Phil doesn't know the difference between net income and gross income.
